# 22 boats in the class

In only 5 months Seascope class broke out of teen numbers. 22 boats are sold to date and with all of our owners living within several hours drive from each other, we expect to see some exciting events in 2009. Please don't hesitate to contact one of our dealers for more details.

# Show boats!

november 2008

After opening presentation in Izola boat show in September 2008, our dealers presented Seascope on boat shows in Brno (CZE) and Vienna (AUT). Although it would be strange for us to say different, they actually were great success. From the profile of interested visitors we got reassured, that our development team did good job. Seascope proved to be appealing to everyone from top level sailors, families to couples who started enjoying their retirement.

Vienna / Intersport Kretschmann

Brno

Fulcrumsailing

# Demo days

With promised sailing performance and seaworthiness that challenges belief of sailor used to traditional sailboats we encourage you to contact one of our dealers for demo sailing on Seascape18. We cannot promise perfect weather but we can assure you that you will have informative and entertaining sailing day.

Damir Pahljina / Pula  
owner CRO009

Christian and Eleanor Tanzer / Vienna  
owner AUT011

Fulcrum sailing team / Prague  
owner CZE005&006

Armin Burkart / Munchen  
owner GER010

# Production changing gears

Slovenia / 15.1.2009

After few months of warm-up, production started to run on it's target numbers. Assembly yard is stationed half an hour drive from Ljubljana so if interested don't hesitate to ask for a visit.

## News

Our supplier CompoTech and North Marine have formed a Technology and Marketing alliance.

Southern Spars, who are part of the North Marine Group, will handle all marine related manufacture, sales and marketing. CompoTech will deploy their technology for the exclusive benefit of Southern Spars in the marine sector.

Southern Spars are one of the worlds leading manufacturers of Carbon Fibre masts and spars that supply majority of Volvo Ocean 70, America's cup and other hi performance race boats.

Ronstan Wins Coveted DAME Award at METS

Ronstan's Series 40 Orbit Blocks™ were announced as this year's Category Winner for Deck Equipment, Sails and Rigging at the international METS marine show in Amsterdam.

Only few weeks separate us from first official Seascope One design race. Despite it's date put firmly in winter we have half a dozen confirmed boats attending. Guys from Sailing center Murter are promising warm welcome, professional organization and good after parties.

- 28.02.-01.03. Seascope Murter cup - fleet
- 04.04.-05.04. Sailing Point Murter cup -match race/fleet
- 02.05.-03.05. Seascope Murter cup - fleet
- 06.06.-07.06. Sailing Point Murter cup -match race/fleet
- 04.07.-05.07. Seascope Murter cup - fleet
- 05.09.-06.09. Sailing Point Murter cup -match race/fleet
- 10.10.-11.10. Seascope Murter cup - fleet
- 14.11.-15.11. Sailing Point Murter cup -match race/fleet

Our most active center - Sailing center Murter also started with organization of sailing seminars on Seascope18 boats. First (in Croatian language only) from 6.-8. of march is on the topic of tactics and race rules, presented in theory and on the water by Olympic sailor and match racer Tomislav Bašić. Upon interest consecutive seminars will be held in English as well.
